1. Welcome, Check In Circle **Jessica Upshaw**

- one or 2 words to describe your child?

2. Approval of minutes from April Meeting **Jessica Upshaw/Tracy Foster**

First: Danyelle

Second: Becky

3. Principal's Update **Tracy Foster**

- 527 students
- New students registering every day
- We've had 2 fire drills and a hold and secure and then a real hold and secure, it went smoothly, kids left the building happy and calm
- When teachers go outside with teachers, we need to make sure that the office knows. So it's easy to find everyone.
- Strings and band are happening
- Mount volunteers are starting with the breakfast program
- The outdoor classroom is in, but the whiteboard is still waiting to come in
- The busses-no parking or drop off on Alex street. But when the busses are there and parked, cars are not allowed to pass but they do. It's unsafe, we also would like another crossing guard on the corner of Alex and Sunnybrea
- Weekly emails
- Field trips are happening
- The learning center students have been going swimming, and they are taking public transit. They are also doing music therapy.
- Truth and reconciliation ceremony, last week. It was unbelievable, we wish we could have had parents, but our gymnasium is not big enough to hold that many people. Kids did the research and the planning.
- We need media release forms signed so we can share assemblies
- We always need lunch monitors.
- Grade 6s did their provincial assessment
- The Grade 3 provincial assessment results from last year came in
